## Professional Summary

Frontend Developer with 4+ years of professional experience building and maintaining production web applications using React, Next.js, and TypeScript.

Focused on scalable frontend architecture, component-driven development, and reliable integration with backend systems. Experienced in collaborating with cross-functional teams to deliver maintainable, user-focused solutions in fast-paced environments.

## Skills & Tooling

**Frontend** : React | React Native | Next.js | TypeScript | JavaScript (ES6+) | Tailwind CSS | CSS3

| UI/UX Collaboration & Implementation | Frontend Architecture & Design | Framework-Agnostic |

**Backend & Integration** : REST API Integration | Node.js | MySQL | API Contract Collaboration | Rust

**Systems & Tooling** : Git | Figma | Photoshop | Jira | Linux | Nginx | NixOS |

## Work Experience

**Taif Al Joud Technology L.L.C | Frontend Developer**      **May 2024 - February 2026, UAE Dubai Silicon Oasis**

- Designed and implemented scalable frontend architecture for a core business platform.
- Took ownership of the frontend stack, from technical decisions to delivery in a fast-paced environment.
- Collaborated closely with backend and QA teams to ensure clean API contracts, performance, and reliable releases.
- Improved maintainability and development speed through component-driven design and consistent patterns.

**SparkSoft Solutions, Inc. | Full-Stack Developer (Frontend-Focused)**      **Feb 2021 - March 2024, Philippines**

- Developed and maintained frontend features for production web applications using modern JavaScript frameworks.
- Integrated backend APIs into frontend systems with a focus on data consistency, performance, and user experience.
- Worked across the stack when required, ensuring frontend requirements were properly supported by backend logic.
- Conducted QA testing and bug fixes to ensure stable, production-ready releases.
